## What is a Certification?

Before entering an AKC TD or TDU test, your dog will need to pass a certification test. A Certification is a "pre-test". The purpose is to make sure your dog is ready to do an actual test. If your dog passes the Certification, you will receive 4 vouchers. You will send 1 voucher for either the TD or TDU test. If you are not drawn for that test, they will return your voucher.

If you and your dog are not "quite" ready or you already have your certification or use as another practice for VST. A Run-thru is great practice. You can do either part of the track or all of the track.
